

**NEWDAWN**

**PARTNERS**

*“Nine tenths of wisdom is being wise in time” Theodore Roosevelt*

Is your project team *well-prepared* for the challenges ahead?

## **NewDawn Project Management**

Leading to spectacular improvements in performance, predictability, communication and user satisfaction by:

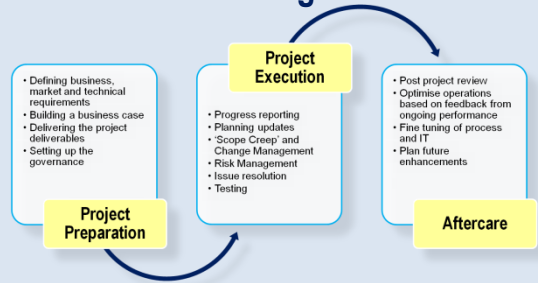

- ❖ Checking out how the project is going
- ❖ Getting risks under control
- ❖ Ensuring everyone knows what they have to deliver and to whom and when
- ❖ Delighting your project stakeholders

Please contact The NewDawn Partnership at:

*NewDawn.NewClimate.NewTools*

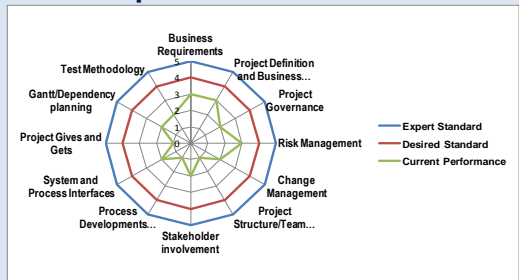

## Structured Project Management advice and training

- ❖ NewDawn provides tailored project management advice to meet each challenge of the project cycle
- ❖ We work with existing project teams to deliver training to overcome challenges

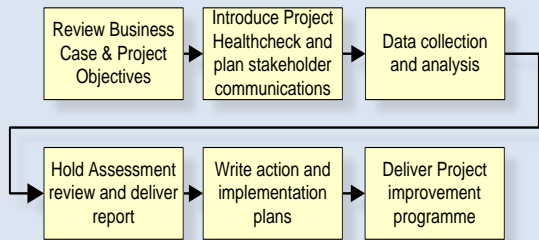

## Project Healthcheck action plan and implementation

- ❖ Measures the performance of a project against 12 key criteria which collectively define project best practices
- ❖ Identifies areas of good and poor performance

## Project Improvement action plan and implementation

- ❖ NewDawn works with Project Management teams to identify the action plan to address the priority areas identified by the Healthcheck
- ❖ We drive and project manage the improvement programmes

*This gives a clear understanding of the performance of your project organisation today and a structured programme to improve its performance*

## Why choose the NewDawn Partnership?

- ❖ We work with you to enable and enhance your capability to interpret information differently to deliver spectacular results
- ❖ We combine simple and practical tools and techniques with experience of applying them to complex multi-dimensional projects over many years. Our experience shows that when such steps happen substantial and lasting financial and non-financial gains result, with significant and often spectacular Returns on Investment (ROI).
